SECTION A - SUPPLEMENTAL INFORMATION

1. This Modification P00004 is a Bi-Lateral Supplemental Agreement.
2. The purpose of this Modification is to add a new requirement for "Two Hose Upgrades" for all 227 DEUCE machines and change the requirements for the EPTC II Controllers.
3. Accordingly, the following additions and changes are made:
 - a. CLIN 0009AA: Added to fund this requirement for all 227 machines. Unit price per machine is \$1,417.00 each. This new requirement is included in the revised Clause I-1.
 - b. Caterpillar will now provide all new EPTC II Controllers rather than a combination new and refurbished at no additional cost to the Government.
 - i. CLINs 0003AA and 0003AB now reference "New EPTC II Controllers".
 - ii. Clause I-1 is revised to delete the following statement:

 "Of the 227 vehicles receiving the parking brake upgrade, 100 vehicles will receive new Electronic Programmable Transmission Control (EPTC) II transmission controllers, and 127 vehicles will receive refurbished EPTC II transmission controllers."
 - c. Clause I-1 is also revised to include the following statement for the new "Hose Upgrade" requirement:

 "The contractor shall also install two sets of hoses, with improved routing, on all 227 previously fielded vehicles as follows: new right and left recoil/tension hoses, and new right and left rear suspension hoses. All of the parts needed for both of the hose upgrades are in P/N 226-4183."
4. As a result of the above, the Total Contract Amount is increased by \$321,659.00 from \$1,388,188.00 to \$1,709,847.00.
5. The Contractor releases the Government from any further claim for equitable adjustment relating to the changes made by this modification.
6. All other terms and conditions remain unchanged and in full force and effect.

SECTION I - CONTRACT CLAUSES

I-1 DEUCE RETROFIT OF EARLY WARNING SENSOR KITS, PARKING BRAKE UPGRADE AND MIDROLLER WITH IDLERS AND SIGHT GAUGE KIT

The contractor shall retrofit 180 previously fielded vehicles with the Early Warning Sensor kit. The Early Warning Sensor kit consists of a switch group (P/N 203-4834) and warning group (P/N 203-8495). The contractor shall install the parking brake upgrade (P/N 236-2575) in all 227 previously fielded vehicles. Additionally, the contractor shall install the midroller with idlers and sight gauge kit upgrade (P/N 245-1745) in all 227 previously fielded vehicles. The contractor shall also install two sets of hoses, with improved routing, on all 227 previously fielded vehicles as follows: new right and left recoil/tension hoses, and new right and left rear suspension hoses. All of the parts needed for both of the hose upgrades are in P/N 226-4183. The upgrades shall be done at the same time on each applicable vehicle. The contractor shall transport all 227 vehicles from the unit to its nearest dealership to install the Early Warning Sensor and/or Parking Brake/Midroller with idlers and Sight Gauge Kit. The contractor shall coordinate the effort with the unit at each location. The governemnt will make the DEUCES available within reason. The locations and Point of Contact (POC) for each location are as follows:
